

Newport Junior Rugby 2021

President's Report 2021

Rugby is a game played by mates, for mates. It's a unique, welcoming sport and creates a bond like no other. It's the memories and experiences that we all remember and we want our kids to have this same experience.

2021 offered so much hope, and we were having such a great time - until Delta! What a shame for the kids! At least we got in almost half a season. Half a season of memories and fun.

We hope that this is the end of lockdowns and we work out how to live in a post Covid world.

We had record registrations this year. Our minis numbers, in particular, were substantially higher. While we do not attribute this entirely to the free registration for U6, I'm sure this initiative has helped spread goodwill. Fielding 30 teams each week across the club is an outstanding achievement.

A big club like Newport does not run without the effort of many volunteers. Thank you to all the parents who help out each week.

The whole committee works behind the scenes to keep the club moving forward. Thank you **James Boocock, Karen Hulley, Brett Clemenson, Remco Diaz, Col Weir, Jo Bohm, Trish Downs, Josh Griggs, Luke Wilson, Tim Ryan, Dale McCauley, Brad Fox, Mark Murdoch, Duanne Marriott** and **Richard Stamp**; for your time and effort.

It's hard to single out anyone given so many people are involved in this great club - but a big thanks must go to our house manager **Tracy Murdoch**. It's a big task and often thankless organising the store, match day and general club issues. Friday nights can often be a bit crazy, and without Tracy, it would not happen at all. Thanks, Tracy

I would also like to acknowledge the numerous parents who just help out every week. Thank you.

To our generous sponsors, we also say a big thanks. Without these great local businesses, we would not be able to replenish jerseys, footies and training gear. In addition, as mentioned above, we were able to reduce our entry-level rego fees to remain comparable in the local sporting climate.

The club is financially very stable with a cash position of \$193,251 at 30 June 2021.

Our 2021 Sponsors: **Code 5, LJHooker, Zubi Café, Physio Ward, Newport Excavations, Swimart Mona Vale, The Newport, Arch Capital, Wimp2Warrior, Superior Auto Mechanics, Cool Change Doors and Windows, Mortgage Mall, Barrenjoey Air, Coastal Developments**.

Four years ago, when I became the president, I thought about what we could do to improve our club and connection in the community.

Over the past few years, as a community, I believe with your help we have:

- Maintained and then grown player numbers (10% last year) in what has been a challenging external rugby climate.
- Launched girls rugby which has gone from strength to strength.
- Improved our coaching resources and club approach to training and our club first culture.
- Improved our on-field and off-field behaviour.
- Improved our connection with the senior club and other clubs like the surf club and netball club.
- Improved our standard of play - while I always maintain that participation is the number 1 goal, this was the first year in a long time that we qualified in the "A" comp for U10, U11, U12, U13 and U15.
- (I'll still always say that the most critical team in the club is the U10 Sharks which is the lower graded team when the boys and girls transition out of minis. These are the kids we want to keep in the game because they will grow and develop and love the game for what it is and many become "Breakers" by U14 and beyond).
- Our numbers representing Warringah and higher levels have been solid
- A much-improved web and social media presence.
- We have new lights and new posts.
- The club song is now an essential after match routine - much to the chagrin of other clubs. How good are the pictures and images of the teams singing their lungs out!
- Built a new BBQ area and improved amenities in the clubhouse.
- Installed an electronic and very impressive scoreboard, thanks to a generous donor.
- And of course, the girls change rooms, something I am very proud of. This will start construction soon, after almost 5 years working with the council.

I may be biased, but we are the best junior club in Sydney across our club approach, level of involvement and community engagement.

All achieved by you, our parents, and volunteers who simply love the game.

We are just passing through, so for me, it's all about making sure we leave the club in a better place than we found it for the next generation.

I will be handing over the role to **Trish Downs** for 2022, and I believe the club is in great hands for next year and beyond. All the best, Trish. I'm sure you will be brilliant as President.

I have loved every minute of my time at Newport Juniors. From the U6 days to now, as my boys **Max** and **Oscar** have grown older, it's been an incredible journey. The great people I've met and the sense of community here is second to none. I'm truly honoured to have been part of this club and community. Thanks for the opportunity.

I've certainly found my rugby home.

U6 Breakers

Left to Right: Cooper, Harvey D, Harley, Benji, Harvey M, Xavier, Mason, Benji, Brodie, Carter (missing: Tully)

What a great introduction for all the kids. We had lots of smiles and plenty of tears which just added to the excitement of their first year of rugby. You could see the excitement on their faces as well as a little bit of confusion.

We worked a lot on getting the kids familiar with where the side lines are and importantly where the try line is and how to score tries. We also focused a lot on tagging and passing and just familiarising themselves with different aspects of the game and trying to bring out the kids confidence with ball in hand. They all picked it up so quickly and was great to see a number of the kids really come out of their shell.

It was such a shame the season was cut short due to the lockdown, the kids were really showing a tonne of improvement both in attack and defence and got to see some fantastic tries scored throughout the season.

We can now look forward to 2022 and build on what we have all learnt this year and most importantly keep developing these great friendships the kids have now all started.

A big thanks to all the parents for getting the kids to training and the games (those early starts are never easy). A big thanks to **Amy** for managing the team and organising us all from where we need to be on Saturday mornings to who is on jerseys or snakes and oranges. It's been a great team effort from everyone and **Gareth** and I have loved every minute of it.

Cant wait to see everyone down at Porters next year.

Coach Huey and **Coach Gareth**

U6 Dolphins

The Newport **U6 Dolphins** welcomed several new families to Newport Rugby this year. Whilst it being a short year, it was wonderful to welcome a bunch of 4- and 5-year olds into the Rugby Community and put on the blue and white. A huge thank you to all parents who bought their kids to training, volunteered where needed and gave encouragement and support across the weeks, especially those 8.00am game starts on a Saturday morning!

Over the weeks, it was very rewarding watching each player progress. Attendance and participation were high and the feedback from parents was that the U6s Dolphins really enjoyed their introduction to rugby. With an 11-man strong team, training was a mixture of drills and games to help build the foundation of skills (passing, tipping, defending, and supporting your teammates). Their most favoured training drill was tiger tails, designed to teach young rugby players evasive skills, as you don't want anyone to tag your tiger tail (AKA Dad's old tie).

The biggest highlight was seeing the enjoyment the boys gained from using their skills they had learned over the season. Our last week of rugby, we were fortunate to play in a competitive gala day out at Hassal Grove, where a number of the U6 Dolphins were filmed and appeared in a pre-game build up in the 2nd Bledisloe Cup.

Keep an eye out in 20 years for these names, as you may find them in the game, not in a pre-game special:

Hugo Atkinson, Brodderick Goode, Tyson O'Grady, Ameer Lamba, Weston Dearmer, Harry Cristaudo, Lincoln Weame, Zac Rose, Cody Stocker & Sullivan Murdoch.

Huge thanks also go to **Peyton Murdoch & Willow Dearmer** who helped out a number of weeks as reserves, and was always willing to help.

Best of luck in the 2022 season.

Mark Murdoch (Coach), **Ali Atkinson** (Manager).

U6 Sharks

James - Always an exciting year to coach the U6s and one as a coach and parent you particularly remember. It was a pleasure running the kids out, training with them and standing on the touch line for a chat with parents. A terrific group of kids who we can all enjoy seeing growing up and I really hope rugby becomes a defining part of their lives. Looking forward to Season 2022!

Mike - Such a awesome experience to be involved with a great bunch of people. The enjoyment on the kids faces was such a delight to see at training. Watching each player grow through the time we had together was a great reward and made it all worthwhile. The only down side to this season was not being able to spend more time with the kids and the parents. What could have been.....

Big Charlie - A great little athlete, very capable with a natural flair. Good attitude, great competitor and always a pleasure to coach; loved scoring a try or three.

Charlie Brave Heart - This guy has character in numbers. Passionate and enthusiastic, lucky our games were none contact otherwise would of caused some real damage.

Teo 'Big T' Ross - Team work and enjoyment. Always had a blast when on the field with his mates and would talk about the Sharks all week. Didn't matter which team he was on he loved being a part of it.

Winning Will - Quiet unassuming conscientious in training. Strong and courageous on the field. Determined and great sportsmanship. There were never many tries scored against us when Will was around; also had a good nose for the tryline.

Jumping Joey - The free spirit that is Joey really added to the balance of the team and loved to see his game improve. If only this little mans energy was contagious, just point him in the right direction and watch him go.

Fast Fred - One of numerous pleasures from the season was to see this young player's confidence develop and turn into spirited sprints up the footie field, ball in hand!

Dashing' Dashton - The gentle cheeky player that held his own on the field. What a pleasure to have on the field. Never short of a word and growing in confidence every time he stepped over the white line.

Industrious Ollie - Another gentle player whos confidence rapidly developed through the short season who showed a real eye for the ball. Always in the right place at the right time. Good team man and never seen without a smile.

Side Stepping Rye - Fast and furious, This guy had everyone fooled on the footy field with his quick feet. Never far from the action and loved getting his hands on the ball.

U6 Mermaids

A short but strong year for the U6 Mermaids as we endured the elements to show off a great set of growing skills for all the girls.

What we all believed was going to be a much-needed return to a normal rugby season for our U6 Mermaids turned out to be anything but that, resulting in an early end to the season. With the season we did have, after acknowledging the events in 2020 all the girls put in a big effort and made the most out of the shorten season. Turning up to training every Friday, regardless of the weather, and enduring those cold mornings for the 8AM kick offs. A special mention to all the parents who put in the work to get out to training and the games, it did not go unnoticed.

With 12 girls total for the rugby season we had a strong team that continued to improve week to week with training and continued game time. It was great to see the constant improvement from the girls as the season stretched on.

Scarlett had some great defensive saves through the season, standing up to the challenge and chasing down players in defence!

April continued to keep her head on a swivel as she was dominant in both attack and defence, using agility of feet and mind.

In attack there were a lot of solid ball runners with **Lola** trucking it up and developing a mean step in the back half of the season.

Peyton was constantly on watch for the conners and was able to quickly capitalise on some sloppy defence around the edges to find the paint.

Izzy remained extremely Illusive through the season, showing those boys what it means to be put on skates.

Polly produced some excellent passages of play through the season, picking up more than her fair share of meat pies on the gala day!

Ariana was an absolute ball of energy in both attack and defence through the season, showing us her love of cartwheels at training and her love of scoring tries on game day.

April remained thirsty for the ball and managed to find the white paint without any issues after a bit of a 1,2 step with the ball.

Frankie looking like a young Charlotte Caslick in attack and defence, producing some amazing ankle breakers through the season.

Lilly was a force to be reckoned with on the field, bouncing out of tackles and producing several try saving efforts during the season.

Lani was action packed, proving she was too much to handle for a number of opposition defences. Excellent in both attack and defence.

Willow was quick to take to rugby and was like a steam engine moving down the park leaving a string of defenders in her path to the paint.

Thank you to **CJ** for putting in the reps as team manager making sure that everyone was all set for game day and the girls were well looked after. A special mention for **Peter, Chase** and **Mark** for helping out with training and on game day. For all the parents out there it is not possible to get the girls on the pitch every training and game day without you all, so thank you for making what was a short 2020 season possible.

Abe.

U7 Breakers

Team list: Callum Whitaker, Ethan Trembath, James Crosky, Joshua McTaggart, Lucas Gulla, Lucas Wilson, Max Miller, Nathan Cowell, William Gaut

The **Under 7 Breakers** had a shortened season this year, but still a memorable one. With a good mix of some players with previous years experience and a few fresh recruits the season was going to be a great one.

The season started with a gala day on the northern beaches. After many games the team started to sort out its strengths and weakness we needed to work on at training.

Over the season the team really started to notice a great improvement each game. All players quickly adapted and started to play a fast pace of rugby in attack.

One of the teams greatest assets was its strong defence. The boys really started to defend in a line and made it hard for opponents to score.

By the end of the season the breakers headed to Blacktown for another gala day against Sydney's rugby teams. The team enjoyed the day with making a vast improvement on skill development and cohesion as a team.

Coach: **Adam Gulla**

U7 Dolphins

Our mighty **U7 Dolphins** have now spent two seasons undefeated by Covid. Once again, we joined together and enjoyed the great game of rugby despite a global pandemic.

The boys squeezed enjoyment from every single minute this year and we all can't wait to get back on the field again next year for hopefully an uninterrupted full season.

The boy's progress has been exceptional and the leg speed was amazing. Their coach was barely able to keep up when there was a try on offer.

A season highlight was the gala day out at Blacktown, with some opposition teams looking like they were more like U17s rather than U7s. Undaunted, from the first kick off our Dolphins jumped in and played their hearts out each game and showed brilliant sportsmanship.

It has been an absolute pleasure to watch the mateship between the boys, their confidence and concentration grow each week.

We look forward to learning tackle and positional play next year and most importantly getting together with our mates down a track, that's winding back, past an oval to a shack.

Nathaniel Northover – energy to burn, so fast his boots could melt.

Oscar Wallrock – looking forward to tackle with his hard running style.

Harrison Bates – always there to support the ball runner and ready to pick and go.

Lenny Knight – elusive runner that slices up the opposition defence.

Henry Bell – loves to get into space and runs the ball with speed and strength.

Henry Gough – great step and dummy, a try scoring machine.

William Abrahams – stolen from the NFL scouts, great ball skills and speed.

Sullivan Good – needs to eat his vegetables and clean his room, has absolute passion for Rugby.

U7-Sharks

Team list: Nash Carpenter, Finley Colton, Morgan Maestre, Luka Stead, Sebastian Van Dyk, Leo Venter, William Webster, Lachlan Williams

This year saw a bit of a new look **Under 7's Sharks** from last year with a few new recruits. Luckily we did see them otherwise we would not have seen the various talent throughout the year. Albeit it was a compressed season due to Covid, we still managed several games, including an out of area Gala day with a consistent group of boys.

Whilst we saw a lot of tries in the season scored by **Lachlan**, thank you for the points Lachlan and consistently under the posts too, we had some great defensive players as well in both **Nash** and **Morgan**. Both of them must have been cattle dogs in another life always on the heels and chasing down the opposition. One of the great ball runners in the team was **Sebastian**. He might grow up to be an Olympic runner given his speed either up the middle, down the side line or marathon round the outside moves. One of our best listeners on a consistent basis was **Luka** who was also managing some great passing, keep it up Luka as next year we will rely on that more and more. Another straight line runner was **William** and with his height we look forward to him sticking around once we get into a bit of tackle and lineouts.

Thanks also to Will's dad, **Evan Webster**, who helped out with coaching - both training and game days. The old school BP quiet achiever award will have to go to **Finley**, conversely when he got the ball and scored, the side line was not quiet, we've never heard such a raw from the grandstand.

Furthermore, Finley's brother **Josh**, made a number of cameo appearances for us through tout the season, ironically when we seemed to be down a player or two, hence your attendance and running skills were very much appreciated. Finally, well done to **Leo**, he may well grow up to be a coach one day, given he has a very fine eye for detail and the rules. Thank you Leo for your review of each play, you must be watching it in slow motion, well done.

Thankyou also to **Matt Colton**, Finleys dad and **Nick Venter**, Leo's Dad for consistently supplying end of game treats. Stay safe and look forward to seeing you next season.

Damien

U7 Mermaids

Back row: Livia Bogaard, Josie Burrow

Middle Row: Amelia Jackson, Georgia Chadwick (coach), Neve Hoile, Marley Cristaudo, Riley Rudgley

Front row: Isabella Clemenson, Isabella O'Grady, Ellie Soninke Keh Sesay

The **Under 7 Mermaids** are a team of absolute legends. It was unfortunately a short season but for the games that the girls played they played hard, they played well, they improved, and they did it all with such wonderful attitudes and spirit. It was the first time on a rugby field for nearly half the team, but I was amazed that this did not daunt the first timers. The newcomers seemed to take inspiration from the more experienced players and were soon making up high numbers of tags and tries during each game.

Friday afternoon training sessions we worked on increasing fitness, ball handling, agility, kicking, passing and cartwheels. The girls always amazed me how they could find energy on a Friday afternoon to train and then put their new skills into practice the following morning during game time.

Riley, is a natural to the game of rugby, whether its defensive play or striving for the white line, Riley's up in the play from the start to the very end of the game. Never giving the opposition a chance.

It was **Neve's** first rugby season, her enthusiasm to learn was inspiring. Always smiling and keen to have a run or tag the opposition. Her spirit for the game was relentless.

Josie has speed to burn and is a try scoring machine, always looking for the gaps. Josie has great spirit for the game and is a consistent player. Josie was our top try scorer!

Ellie also has speed, agility and love for the sport. Always happy and determined to play well. Ellie gave us some amazing side swerving steps that bedazzled the opposition and quite often the spectators too.

Marley is a very focussed defence player, no one can get past this relentless and quick tagging machine. Marley never gave the opposition a chance.

Isabella C is a joy to have on the team. Izzy is focused and shows amazing sportsmanship. Determined in defence and gutsy in offense. She is a dedicated team player with great skill.

Isabella O, took to the game naturally, she scored some wonderful tries during the season. Isabella is a very reliable player. What a great first season!

Amelia in her first season has come far. Keen to learn, keen to get out onto the field and show her skills. Amelia is a great asset to the team.

Livia showed relentless eagerness to be a weapon in defence and attack, looking for the gaps and always proving to be an asset to the team.

Coaching the U7 Mermaids, was an absolute pleasure. I would like to thank **Huey Burrow's** for helping coach at the start of the season while I was finding my feet. Also a massive thank you to the parents for their support at training, cheering and sideline duties.

U8 Breakers

What a season for the Under 8 Breakers, it was over before we knew it, but it was one to remember. Thank you to all the parents and kids for having a great attitude, for everybody buying into the club and the team and wanting to be involved with the kids at training and the games. As parents, the time spent with the kids is everything, nothing else matters! As the great Mark Viduka once said when asked what his favourite memory of his footballing career was, he said "That's an easy one, it has to be playing footy in the back garden with my Dad".

I said it all year "It's better to set up a try than score a try" and the boys played with this approach all season with some tries scored with 7 or 8 passes within the phase, with the boys passing the ball over the try line to team mates.

Edsel Good, always smiling and such a good boy who always wants to have fun and get involved, his feet move fast and they are always looking for action.

Jackson Rossini, his off load was developed during the lockdown, the fend and the pace combined result in a try scoring machine.

Lucio Suarez Lewington, the Argentinian flare and the pace to make breaks, always looking to be involved and never taking a step back.

Zackery Terrey, the long stride and pace, Zacky gets moving and he is unstoppable, always supported by his family and pleasure to have in the team.

Evin Gleeson, the player that makes things happen with every touch, the twinkle toes and the dynamic hits are exciting to watch, keep up the great work Ev.

Leo Troy, the more he has the ball in hand the more we see his magic. The pace and jink beats defenders every time, can't wait to see you next season.

Patrick Lane, something happened one moment on the field this season, one boy stepped forward and committed to the tackle, dominant, low and leg drive combined to fold the opposition, Pat rose to his feet and from that instant, we knew he was fearless. A pleasure to have in the team and don't forget Pat, tell your brother Travis we want him back in the team next season.

Charlie King, was born to run, he is fast, dynamic and evades defenders, a try scoring machine who keeps the family rugby pedigree turning over with his brother and sister also playing rugby for Newport, the King family love their Rugby and can be seen on the side lines up and down the Beaches every weekend!

Kane Heath, unstoppable, relentless and always willing and able to get involved. He is a magnet to the ball and has the instincts of a play maker, Kane is full of energy and always looking to make a difference.

Archie Jones-Hughes, loves his Rugby and going into battle every week with his mates. Always playing what's in front of him and looking to bring his team mates into the game with skill and intensity.

Boys, great work this season, remember the most important thing is to have fun playing rugby with your mates and learning that you can get good at anything if you try hard and never give up!

I can't wait to see you boys next season and parents, keep getting into the garden or park and play some footy with the kids, building those memories...

Jason Jones-Hughes

U8 Dolphins

On a chilly early morning in mid-June, what turned out to be the final run for the 2021 Newport **U8 Dolphins** was, in many ways, a fine end to a season that had barely started. Having not been able to see the team since that gala day in Western Sydney, I can still see the smiles on the boys (and parents and coaches) faces at the end of the four matches we played that morning.

The under 8 age group is the year that players learn to tackle, scrum and lineout. Our first practice began with a tackling session with the U8 Sharks (thank you **Tim Malone**) in the sunshine on Newport beach. By gala day, ten weeks later, tackling techniques had been refined, the forwards were hitting the ruck with force and the half backs were beginning to get some front foot football for the outside backs to do their thing. To the joy of all those playing and watching, the Dolphins had transformed into a proper rugby team.

Two new Dolphins joined us this year, taking us to thirteen. **Ged Byrne** in his debut year played like a seasoned pro, such was his impact on the scrum and in the loose, not to mention opposition runners.

Our other new recruit, **Josh Colton** showed early promise with a passion for tackling and an eye for a gap, finishing off one of the finest team tries of the season at gala day, we'd found another couple of naturals.

Leon Stephens-Jones skippered the side once again, his all-round game has gone to another level, equally at home in the pack or in the backs, his leadership and quality of pass are real assets to the team.

Michael Nass and **Ethan Veldman** teamed up to give the pack a Bokke hard edge, Michael tackles relentlessly and is one of our best at recycling the ball, which frees Ethan up to charge around the paddock creating room and putting the likes of **Rennick Palmer** and **Jude Campbell** into space. Both Rennick and Jude had free scoring seasons sharing the number two jersey and running the lineout.

Bailey Walsh continued to develop his uncompromising number eight play, happy in the thick of the action, he also loves to go hunting tries. An embarrassment of riches at half-back saw the nine jersey rotating between **Austin Tranter**, **Byron Oliver** and **Conor Burkin**, each posing different problems for their opponents. Austin is able to slip a fast pass in the tightest of spaces, whilst Byron likes to duck and weave and step his way through traffic. Conor has a more direct style and a deceptive turn of pace, all three like to snipe around the breakdown creating trouble for the opposition.

William Clark took his tackling and running game up a notch in the 10/12 position, making a scoring contribution during the gala.

Leon, Rennick and **Jude** also spent time at first receiver honing their handling and running skills.

Archer O'Brien, our accomplished winger/full-back proved to be equally adept at tackling, putting in numerous last-ditch tackles, showing that his defence is as effective as his attacking play, which continues to be first rate.

So, whilst it's been another shortened season, all the boys worked very hard to make sure that the quality has remained high. Their ability to learn a range of new skills in training, from tackling to scrums and lineouts; and then put it all into practice on a Saturday, has been wonderful to see.

As always, a big thankyou to all the parents for playing a full part in helping with training, home ground duties, washing kit and everything else that you do throughout the season. Finally, an extra special thankyou to Coach and Manager duo **Shawn & Siobhan Tranter** for all your input, help and support for the team.

Have a good summer everyone and here's to a full season next season.

U8 Sharks

This year was a big year for the U8 sharks with introducing contact into their game, which all the boys excelled at and were well and truly ready for.

The focus this year was also around rucking and mauling and what to do when you hit the ground. We concentrated a lot on cleaning out and recycling the ball, which at times was a little challenging for the boys to get their heads around due to it being very unfamiliar from previous years. In saying that they all did a great job and we were both very proud of them all for how they all adapted to learning the game of rugby.

The most enjoyable part of coaching these boys is seeing the skill set on the field increase as a direct result of the work the boys are putting in off the field. This was witnessed throughout the season on several occasions like:

- **James Hobson** (shoulders) loud call to take the kick off on the full
- **Jimmy Huttos** Legendary tracking tackle to save plenty of tries in the corner.
- **Sunny, Logan** and **Dusty** consistently pulling off text book legs tackles
- **Henry & Jimmy Bourke** really showed how taking space from the opposition cuts down their attacking options
- **Bobby & Koda** used great ripping technique to steal the ball from any opposition loose carry.
- **Beau** and **Tariq** developed their draw and pass to put each other into open space.

Our set piece became a real weapon of our game with the pigs (**Bobby, Koda, Shoulders, Sunny, Huttos** and **Henry**) setting a great platform for our attacking machines in the backline. **Beau** gave top notch service with his long pass to **Dusty** who ran hard and drew plenty of defenders to open up the field for our flying outside backs (**Bourkey, Tariq** and **Logan**) who scored some great long range tries.

I would like to thank all the parents for getting the boys to training and the games. It's not an easy task after a long week of school.

A special thank you to **Amy** for managing the team and making sure we all knew where we were meant to be each week. To **Kelly** for her role as age coordinator and the great work she does passing on the relevant information to each team from the club.

It has been another great season being involved with this team and watching all the boys develop their skills and technique. They have all learnt a lot this year, even though it has been such a short season. It was a real shame the season finished the way it did. The boys were really starting to hit their straps and really starting to enjoy their footy. A lot to look forward to next year!

Thanks for the opportunity.

Yours in Rugby **Tim** and **Gareth**

U9 Breakers

Ethan Warner, Harry Campbell, Harvey Boon, Jack West, Louis Pace, Rafferty Fox, Smith Carpenter, Thomas Belcher, Will Moss, Xavier Rose, Zachery Andronicus

Picking up where they left off, the new **U9 Breakers** quickly hit their stride this season with new the recruits (both on and off the pitch) seamlessly adapting to life at Newport Rugby!

With an emphasis placed on recycling the ball and supporting their teammates, the boys continued to add to their growing arsenal of skills to take on all opponents with confidence. With space on the pitch becoming more condensed this season there was plenty of opportunity to practice securing the ball in the tackle, rucking and mauling to keep the play moving forward.

Finding his feet in the forward pack this year, **Harry** excelled at driving the maul forward and regularly found himself emerging through the middle or peeling off for extra gains. Mirrored by **Louis'** strength, tenacity and clever play, the breakdown became a happy hunting ground for the pair to thrive. Joining the team this year, **Xavier** partnered up with **Will** to chase and hound opponents at every opportunity. For any loose ball or early tackle situation one or both were always on hand to put their bodies on the line to secure the ball for the team.

Securing up the forward pack with strength, power and determination, **Raf** and **Jack** were the cornerstone of the front row. Drawing in defenders when on the charge and in set pieces, the big men relentlessly drove defences backwards.

As the linking player, **Harvey** thrived at distributing the ball from the forwards to the backs. Whether calling set plays or blind-side moves, smart communication between the pair regularly led to space being found for **Ethan** to throw the side-step and stretch his legs, almost inevitably delivering points to the board.

With both boys working exceptionally hard on their positioning and tackling at speed, **Zach** and **Thomas** backed up their attacking capabilities with solid defensive displays. Often joined by the versatile **Smith** moving between the forwards and backs, the backline worked together to contain opponents and burst forward at every opportunity.

In what was, ultimately, a frustrating short season, all the boys have showed an immense amount of character and commitment to this team. For some, there were added frustrations of early injuries that limited their playing time even further but that didn't hold them back from attending training to continue their learning or coming along to support the team on match-days.

It was an all-round outstanding effort from everyone. Both **Christian** and I were incredibly proud to coach a great bunch and we can't wait to see everybody back next year. Well done, boys!!!

Coaches:

Andy West
Christian Warner

U9 Dolphins

Warren Beveridge Coach
Nick Abrahams Coach

The Dolphins this season welcome back six of its original players.

Ashton Coates, Ben Beveridge, Oliver Worthington, Archie King, Luca Gore, Koa Haddad. And welcome six players making debut to rugby **Harrison Abrahams, Ben Kelly, Phillip Van Dyk, Johnny Boas, Joseph Low, Oliver Suarez.**

A short season action packed with six rounds and 2 gala days. A Gala day to start the season and a Gala day to finish the season. The Gala day at DeeWhy, the Sharks and the Dolphins swimming together taking on Collaroy's well stacked team we went down 3 try's to 1.

Ashton Coates playing fullback this season. following the play non stop. collecting the ball from the breakdown and making some groundbreaking runs sets up a try. He continues to improve each year.

Second game V Seaforth a win 3 try's to 2.

We used **Ben Beveridge** and **Zac Zioli** in a crash ball attack to soften them up and make holes. The boys complaining of rough play and some wearing their first stud marks. I gave them the Kerry Packer line "don't get bitter get better" and that the stud marks were the equivalent of player of the week medals.

Round 1 V Allambie

The Dolphins had a sensational start to the season with 7 try's on the board.

Ben Beveridge leading the way playing halfback this season scoring 3 try's and with some exceptional plays earning player of the week. **Joseph Low** a debut player, playing forwards steps up in defence and takes some hard hits also earning player of the week.

Luca Gore playing wing scoring 3 try's.

Round 2 V Forestville,

Archie King playing forward scores, we're expecting this. The first of many to come. He just gets better and better and with his superb text book defence earns player of the week. **Oliver Worthington** playing centre scores. When he uses his amazing step outside he's like greased lightning, very hard to catch.

Round 3 V DeeWhy

Harrison Abrahams playing centre is on fire, a natural talent that could play anywhere in the backs. A debut player crosses the try line and earns player of the week. It's band camp week and the Sharks call on the Dolphins for reinforcements. A few stories going around about this one time...

The Dolphins showing superb club spirit in backing up the Sharks and Breakers when needed without their efforts these games would have to be forfeited and the best thing, more games they got to play. Many of the boys backing up and getting more game time.

Harrison Abrahams playing an extra 5 games with the Breakers!
The Keenest and fairest.

Round 4 V Seaforth

Luca Gore playing wing continues on his try scoring streak with another 4 try's under his belt and earning player of the week. The try scorer of the year! **Ben Beveridge** also scoring a Try.

Round 5 V Manly

A heated game against a very solid team. **Oliver Suarez** playing centre and wing A very talented debut player crossing the try line and earning player of the week. **Charlie King** our number one ringer and **Archie's** little brother steps up and scores a try. What a gun.

Ben Kelly playing centre, a debut player and the most improved player this season also earning a player of the week. Ben has had a great first season!

Round 6 V Narrabeen

What turned out to be the last round of the season. **Koa Haddad** playing forwards, tackling players 3 times his size. Earning player of the week for his consistent defence. Stopping try's is just as important as scoring them. **Ben Beveridge** scoring the only try in the game takes his season tally to 7. Try scorer of the year! **Phillip Van Dyk** a debut player. Playing forwards is strong and consistent in his defence, tackling, backing up and supporting play. Another most improved player.

Gala day at Hassall Grove.

We took a packed lunch and headed to the west. 5 games packed into it a small window. We rolled with the Breakers in a mixed team. The boys all demonstrated determination and endurance. Every boy who played was awarded a player of the week medal for their efforts. Standing out on the day from the Dolphins was **Harrison Abrahams** and **Oliver Suarez** both with deliberate runs.

Special thanks to **Nick Abrahams** for bringing a breath of fresh air to the coaching.

A Friday night training session he says. **Ben Kelly** playing centre, give him some encouragement, I think he can run and given the chance boy could he run, stepping and swerving through the opposition. **Johnny Boas** playing forward/hooker is the glue. He has a strong work ethic and gives it all in training and games. A debut player that has got it. Often forwards don't get the glory.

Thanks to **James Beveridge** assistant coaching.

Says he's the one that taught **Archie** to tackle
Many thanks to **Danielle** and **Steve Coates** for managing the team through their minis journey

Most importantly thanks to all the parents who get the boys to training and to the games.

I have enjoyed coaching the minis for the past 4 years and I look forward to seeing you all next year for a full season on the full field.

Warren Beveridge Coach

U9 Sharks

Despite the massively anti-climactic outro to the season, the U9 Sharks were starting to play some formidable rugby in 2021. The overall standard of the game has risen this year and the boys stepped up to meet it. With some tough opponents to deal with, our sharks really dug in and played with spirit and ability.

Our returning team were joined by some cracking new players who slid seamlessly into the mix. The boys showed me and their teammates loyalty and respect and have formed some great friendships in the process. It was a pleasure to coach such a top group of kids and a real shame our momentum was extinguished so suddenly.

It was awesome to see the support shown by players, parents and coaches across all the U9's teams, we were often short on numbers, but the boys were willing to fill in, playing a second, and sometimes third game despite eating into precious weekend hours. Newport U10's will be a force to be reckoned with in 2022!

Flynn Bath is a predator with or without the ball. Making big tackles, and even bigger breaks for the line is all in a morning's work for this little weapon!

Austin Boyce took on the position of half back this season like a real champion. I could watch him play the game all day long! Did not miss a single tackle all season.

Cruise Chase debuted for the sharks this year displaying real hunger for the ball! No shark made as many pick and runs from the back of the ruck as Cruise this season, great to have him with us!

Will Garske once again was everywhere this season. He displays natural ability in all areas of the game and is always first to put his hand up to play an extra game for breakers and/or dolphins. Benji Jacobsen, in his debut season at Newport rugby tackled, rucked and mauled like a true veteran. Welcome to NJRU

Nash King and his side-step confused opponents all year short... A dedicated team player who will always give encouragement and support on and off the field.

Archie Marshall Hill played hard rugby in his first season with the sharks. Always right amongst play, Archie is shaping up to be a great rugby player.

Ryder Schott gave it everything every game! Ryder is the first up to half-way every time to hit back after an opposition try. As always, a great player to coach.

Taneh Williams is on the brink of making a huge breakthrough in footy. Dangerous when he gets amongst it, always kind to his fellow players.

Zac Zilioli has given us another strong season with his trademark hit ups and hard runs. His desire to crush the opposition is inspiring! Keep it up Zaco.

Simon

U9 Mermaids

PLAYERS:

Chloe Hulley, Harlow Holmes, Keira McPherson, Mia Hulley, Ruby Glindeman, Ruby Hulley, Sarah Vuata, Tiggy Woodley, Zara Daines, Zoe Townsend COACHES: **Kim McPherson, Richard Daines and Chris Hulley**

Once again, the year of 2021 brought us some more challenges finishing what was fast becoming an outstanding season a little early. That said the half season we managed to play was filled with some fantastic entertaining running rugby and brought some massive smiles to both Parents and Players alike.

We were lucky to have 2-3 dedicated father coaches for our 2021 half season and I would like to extend my thanks to **Karen, Chris and Richard** for all the efforts this year.

The girls went from strength-to-strength week by week. Each training the coaches introduced a new training technique coupled with the existing basic ones. For the most part the training sessions were fun, and the girls seemed to get a lot out of them.

Each week we saw improvement across the paddock from all the girls. Each gaining and developing different skills and understanding of the game of rugby. It was fair to say not many girls liked being on the sidelines when it was their time to have a break.

We saw some brilliant length of the field tries from our little flyers **Harlow, Little Ruby, Mia** and **Chloe** and some of the best sideline cover defence from little Ruby that I think I have ever seen. It was textbook tackling.

There were countless through the middle performances resulting in field position and points from **Zoe, Tiggy & Zara**. It was wonderful to watch Zoe with her fend running through the defence.

Near the tail end of our half season, we managed to introduce a little of the idea of forwards and backs and some of our mals were really coming together with strong work from **Keira, Big Ruby and Sarah**.

All in all, it was sad the season had to end early when the U9 Mermaids were becoming such a well drilled & entertaining rugby team.

I see so much potential in these girls and really hope they stick with the game of rugby. I am very grateful to have had the opportunity to have been able to help coach you all this season.

Thanks to you all and I hope you have a safe end of the year.

Kim McPherson

U10 Breakers

U10's is a big year in junior rugby as it is the first year that the boys are graded. We were lucky to have been able to field 3 teams this year and all the U10 boys should be very proud of what they achieved in a very short amount of time.

To the Breakers, thank you boys for having me as your coach this year, I thoroughly enjoyed it!

Congratulations for being chosen in the Breakers side, it is something that you should be very proud of and it is also something that you shouldn't take for granted so try and remember that in the years ahead.

The Breakers were put in A Grade this year which is a huge achievement and they quickly showed why they deserved to be there with some great wins over some very talented opposition. I was absolutely devastated when the season was called off as the boys were just starting to show what they were really capable of as a team!

U10 Breakers:

Alfie Smith: Great aggressive runner, ran for more metres than Tommy Turbo!

Tate Wooldridge: Very talented player with lots of aggression, his game against Seaforth was a joy to watch!

Elijah Franks: "Gimme the ball!" Elijah has great skills and is one of those players that can play pretty much anywhere.

Miller Wright: The Breakdown King, Miller is one of those players that you simply need on your team, a pleasure to coach!

Lachlan O'Connell: Excellent tackler and always wanting to learn, both on and off the field.

Tawa Campos: Another must have player on your team, never stops working and possesses great skills.

Liam Hayman: Probably the smallest kid on the field but without doubt the biggest heart! Will tackle anything and is a great team player!

Sam Morlaine: Great skills with ball in hand, I can't wait to see the player that Sam becomes!

Finn Ainscough: Mr Reliable, Finn is always there in defence and always backing up in attack, exciting player to watch!

Chisel Hunter: Awesome to watch play when his confidence is up, brilliant at the breakdown. Chisel is a pleasure to coach, lovely kid!

Felix Frost: Great attitude and always gives his absolute best. Looking forward to watching Felix as he develops.

Max Lee: The quiet achiever, Max is another one that is always wanting to learn more. With a bit more confidence he will be unstoppable!

Oscar Baker: It was my 5th year of coaching Ozzy and I still get just as excited when he gets the ball now as I did in the U6's! Exciting player to watch and an infectious attitude.

Congratulations to **Alfie, Elijah, Miller, Tawa, Liam, Sam, Finn** and **Oscar** for being selected in the Rats rep team, well done boys!

Thank you very much to **Jon** for helping me coach and thanks to the other coaches and managers as well for all your hard work.

Thank you also to all the parents for letting us do what we do and for all your support on game day!

Boys, I sincerely hope you enjoyed playing in the Breakers as much as I enjoyed coaching you. I want you to do 4 things for me in the off season:

- 1 - Practice your passing
- 2 - Practice your tackling
- 3 - Tell all your friends about Newport Rugby
- 4 - Be good to your parents!

Take care and thanks again,

Tim

U10 Dolphins

Another interrupted year for the boys unfortunately, however the boys wasted no time in getting stuck into the pre season. How lucky we are to have the Warrior and a big thank you for the pre season and perfecting the warm up. We're a lucky group!!

We started up front with our very own bomb squad. **Blake Toy** at tight head **Coby Cheetham** at hooker and **Elhi Marriott** at loose head. What a formidable trio they've turned into. First year of competitive scrumming and boy did they scrum. **Blake** scored some great long distance tries, **Coby** defensively was fantastic doing all the tough stuff well and **Elhi** our enforcer with some good physicality.

Our Locks in **Carter Marriott** and **Lachlan Anderson**. **Lachie** improved out of sight every week, it became easy to forget it was his first year. Great ball running from game one. **Carter** has perfected the cross-cover tackle and boy does he hit hard. Tackle technique near perfect. At no8 we started with **Fraser** who with his size carried the ball really well. **Fraser** did some of his best work on the wing later in the season, in comes **Felix Frost** with the perfect mix of skill, pace and physicality, never far from the action. Our backline full of super stars with **Tom Weir** at 9.

What a year **Tommy**, great service and never shying away from a tackle. At no 10 **Oscar Baker**, some silky skills and steadfast defence which we missed when **Oz** was called up to help the Breakers. Starting in the centres before moving to 10 we had **Sam Smit**. **Sammy** is a great ball runner super strong! With **Sammy** in the midfield comes **Raffy Stephens** and boy does dynamite come in small packages! Great defender who loves the contact and super quick. On the wing **Matt Shortall**. **Matty** is a fantastic young player there's nothing he doesn't do well. Super at the breakdown and competes everywhere. On the other wing **Charlie Power** who ran the ball as strong as anyone, with fantastic basics.

Some good wins and a few tough losses but what a great bunch of boys and a pleasure to coach. The improvements seen from week to week was phenomenal.

I look forward to seeing you all next year and hold thumbs we get a full season. Thanks to the coaching team in Nigel Baker and Mike Smit as well as Col for bringing us all together. I know I speak for all of us when I say it's a pleasure and an honour to be part of your rugby journeys

U10 Sharks

"The way a team plays as a whole determines its success. You may have the greatest bunch of individual stars in the world, but if they don't play together, the club won't be worth a dime."

~ Babe Ruth

In a year when we were all placed under so much pressure, asked to do so much, when we seemed surrounded by the too muchness of it all, we had the Newport Junior Rugby Club to bring our boys together, to have fun at training, to have tug of war on the beach, to see who could get through the gate with the ball in hand and to go out into the world and see who else was out there and do that together.

Coby Burgess - Head down in the dark places, always popping up with a smile like nothing happened.

Logan Fogwill - The kids like a powder keg just waiting to be lit and when he fires, does he what.

Ben Lance - A sense of honour above all allows Ben to ensure he always backs up his mates.

Eden Troy - Welcome back to the Club Eden, we missed you.

Monty Pellett - The kids got gas and a TJ Perenra attitude about his work at half back, standing up to anyone who thinks they can come through the gate.

Roman Rowland Smith - Owning the midfield with some fabulous runs up the guts and looking for the offload.

Max Davies - Strong carries in the wide channels gave his midfield the confidence they need under pressure and on the up.

Oliver Stokes - big man who helped us both in the forwards and backs. Some strong carries and sold tackles. Was great to have you on board Ollie, good luck in Tassie mate.

James Boersma - Jimmy the Jet with the tie dyed hair. What can I say, always in their face, loves to run. Give him the ball out wide and shut the gate. Good job Jimmy, we'll see you next year.

Fletcher Smit - Not sure how we'd have been able to put a team on the park without Fletch holding them together every week and giving us the go forward we craved.

Josh Jell - the quiet warrior that is Master jell. We relied on Josh at the breakdown and he delivered and got his deserved call ups to the Dolphins regularly.

Leander Hansen - Shame to lose Leander so early in the season. His mates missed his head down approach and strength in the spine.

Ollie O'Brien - just gets better the more he plays, tenacious in his approach, doesn't take a backward step. Unfortunately Ollie left us early in what was already a short season. I hope we see you next year Ollie.

Jack Atkinson - The kids got some wheels and when he keeps his eyes on the prize we able to give us some.

Thanks to the parents for trusting your boys into our care. Please bring them and their mates back next year when all of this disease is hopefully in a more manageable state so we can give our children a glimpse of what childhood and mateship is more about.

Matt Pellett and Bruce Davies

U11 Breakers

2021 has been a unique season however, has thankfully still provided space for the boys to continue their rugby development and achieve some amazing things.

The **Breakers** are a talented group of players; enthusiastic and skillful with a willingness to learn and be pushed. The things **Jason Jones Hughes, Ben Hand** and I are most proud of is how the boys have learnt that Rugby is a team game and not one for individuals.

In 2021 we chose to participate in the A comp and test ourselves against some of the best under 11s in the state. After a slow start in the trials, it could not have been more different in season, with the boys dominating the first half of the competition..

Our highlights this season:

- The continued development of players within the group.
- Seeing the group become a team of great mates.
- The huge improvement of **Noah Pearce** and **Hugh Webster**.
- The impact of **Mitch Pearson, Isaac Casey** and **Brock Adams**.
- The consistent impact **Harry Jones Hughes, Nathan Longster** and **Cruz Holmes**.
- The continued growth in and skill development in **Jasper Moy** and **William Townsend** and **Charlie Hand**.
- Moving **Gus Stewart** and **Hunter Murdoch** into the front row.
- Every player's contribution to the team culture and participation in training.

The biggest thank you must go to the Coaches and Managers in 2021. We are so lucky to have Jason and Ben whose dedication and input is unbeatable, their passion for helping coach and guide our young rugby stars has made an impactful difference. Our boys really have been blessed this year with the unwavering commitment of such talented and knowledgeable Coaches.

And last but far from least; **Mark Murdoch** for the planning, patience, care and continuous setting up of Porters Reserve every weekend. You are a legend and huge reason for this group's success.

'Til 2022, where our boys will become better players but more importantly, learn the true values of Rugby and the great men the game can make.

Thanks for letting me a small part of their journey; it's genuinely an honour and I don't take it lightly.

Luke Holmes

U11 Dolphins

The **U11s 2021 Dolphins** team was a blend of old and new players. Pre-season training and the trial games definitely helped the boys with particular emphasis on game basics, good tackle techniques, positional play in attack and defence, individual fitness, sportsmanship and most of all working hard for each another.

The forwards pack consisted of a tough, bunch of rugby players who gave it their all on the field. Front row was spear headed by **Sjoerd** who was always solid and reliable at scrum time, often found at second receiver and became extremely hard to stop. At hooker **Tynan** a dynamic and versatile player who was all over the park, making countless tackles no matter what size the opposition were. **Eli** whilst new to the game took it in his stride, eager to learn and improve his rugby skills.

Second row saw **Henry** continue to impress, with his trademark fend always keen for an explosive burst at the opposition at any given moment. **Taylor** at second row provided a solid scrum platform at set piece. His strong upper body strength often had the coach gasping for breath after a tackle bag hit, I'm sure the opposition felt his presence. At No 8 we needed a powerful, strong ball carrier and someone who could lead the pack around the park, **Blake** was man for the job.

Our backs had plenty of pace, flare, and skill and at No 9 we have two very versatile players who could play in the backs and forwards being **Kai** and **Cian**. **Kai** certainly was able to hold his own, accurate passing game, tackle after tackle no matter what sized attacker it was. Another consistent, straight, hard running player was **Darcy**, always full of heart with 100% commitment. Never one to miss or shy away from a tackle.

Tehmana as always slotted well in the backs, his line breaks caught defenders off guard.

In the backline **Josh** slotted in a few positions, either centre or the wing, a very capable player with his dazzling runs all over the park. At winger, **Liam** showed great pace which would slice open any defence. Very committed at the breakdown and always managed to secure possession. When the ball was eventually pushed wide, our flying winger **Hugo** certainly capitalised on this scoring a great individual try running from our own 22m line under the sticks against the Chatswood Stags **Cian** another tough warrior whether playing in the forwards or in the backs at 9, good all-round skill set, passing game always on target, muscled numerous turnovers at the breakdown. Often heard barking orders or genuine encouragement at teammates.

Looking forward to next season, keep up the good work & be proud of your achievement in rugby. The highlight for me was away against a very tough opposition, the Stags. A few players got knocked about and hit hard, but this seemed to gel the team together. Collectively each player stood up, played hard, with controlled aggression and linking numerous phases together to score a brilliant team try at the corner post. What followed was high fives, fist pumps, pats on backs and big smiles all round. Next year if we can string a few more plays like this, we'll be unstoppable.

Of course, none of this would be possible without the continued support of all the parents throughout the season, a huge thanks to **Sam** for stepping up as Team Manager and **Duane** for his coaching assistance.

Here's looking forward to a full season, with plenty of games and an even bigger and better 2022.

U11 Sharks

The 2021 **U11 Sharks** were poised to stamp their mark on what was to be a promising season that was prematurely cut short by COVID.

This year the U11 Sharks comprised a mix of new players to the code (**Fabian, Arlo, Jack, Noah** and **Nate**), players new to club (**Dan** and **Maximillian**), returning players (**Luke, James, Blake** and **Toby**) and seasoned veterans, all of whom individually displayed incredible skill and talent. However, it was when the Sharks worked collectively as a "shiver" that they demonstrated the virtues of running rugby and exploiting space, winning the set plays, treasuring ball security and granite-like defence. It was the Shark's spirit of teamwork, fair play and being graciously good sports that was most rewarding for us as coaches. This year some players experimented with different positions to develop their range of skill sets whilst others continued to develop and consolidate their positions.

Up front, **Alex** continued to be the powerful stalwart of the front row who was also capable in the second row whilst always keeping a level head. **Jack** was quick to appreciate his size, formidable skills and prowess and became a powerhouse front rower. **Marlon** continued to enjoy his time as hooker which kept him in the thick of the rucks and maul. **Oliver** had a run this season as second rower and, in the centres. **Arlo** made the transition to rugby union look seamless as he showed that he could play as a skilled second rower. **Maximillian** came to the Sharks later in the season and impressed all with his power and intensity in the second row. **Luke** played at No 8 demonstrating great skills and foresight as a loose forward. **Rory**, took stewardship of the No 8 position to dominate the loose ball and opposition thereafter. **Lois** continued to be committed in every game and capable of playing in second row or wing. **James** was a welcome return to the club to play halfback with new-found confidence and he exhibited uncanny ability to manage and direct play around the ruck.

In the backs, **Hugo** displayed gritty defence, commitment to move the ball. **Dan** started the season with a flying and sizzling start at wing making strong run. **Jett** also played wing and wowed all with his dazzling footwork and try scoring speed. **Noah** was another newbie to the code and he proved to be invaluable in the centres. **Fabian's** first year at the code proved fruitful and exciting in the centres when on attack as he left many an opponent on the wrong foot and/or choking on his dust as he crossed the line. **Blake** also made a return to the club in the centres dominating runs and ironclad defence. **Toby** as another alumni returned to resume his position on the wing without losing a fraction of his speed or his tenacity on defence. **Nate** a last-minute convert to the code showed his mettle and skills which contributed to the team's success and points on the board. Kicking duties were shared among the players but **Fabian** gets a special mention for his success with difficult conversions.

We thank the other players from the **Dolphins** and **Breakers** who helped when numbers were short. We are also grateful for the assistance and time from all of the other U11 coaches who helped with the development of the Sharks and we wish to thank **Mark Murdoch** for coordinating the season.

Finally, a big thanks goes to the Sharks' parents who have tirelessly worked to get players to practices and games on time, who have volunteered to help with Ground Marshalling and Assistant Refereeing duties, to help on field set up, score board duties and to work the tuck shop and to attend the games to support the players and the club. Stay safe and we hope to see you back in 2022

U12's

The U12 Squad are a talented group of players; tough and skillful with a willingness to learn and play as a team. They trained as a squad and started fast in 2021, displaying the rugby values of Discipline, Respect, Integrity, Passion & Teamwork.

Dolphins

The Dolphin's, a great mix of talent and first time players, were promoted, due to their performance in Trial's and won 80% of their games in effectively the C-grade competition, a competition where multiple clubs play their first division teams and demonstrating every week the kind of relentless determination and team work that earned them that promotion.

Breakers

In 2021, after finishing a close second to Hills in A Grade 2020, came out ready to prove they were the team to beat. Defeating Hills first up in the trials and again two more times, with run-away victories in the season. Going on to be undefeated in the season and playing a fast, relentless, entertaining style of Rugby.

The Breakers welcomed **William Tartonne, Zac Gedz, Jack Smith, Marley Thomas, Thomas West** to Newport along with **Finn Hearne** and **Owen Finnegan** from the Dolphins. Who, with the returning group of players developed their skills as individuals but most importantly as a skillful team – proving that you don't need size to win footy games.

Our highlights this season:

- First time players and new to Newport players settling in quickly to the squad.

- The continued development of players within the group, **Owen Finnegan** and **Finn Hearne** moving into the Breakers.
- **Hugo Boon, Hugo Newman, Lachlan Coates, Lachlan Dawson** and **Sam Freer** all knocking on the door of the Breakers
- Defeating Hills, 2020 Premiers, several times throughout the season
- The huge improvement of the squad – 80% win rate for Dolphins (in the promoted comp) and Undefeated for Breakers in the A Grade comp
- **Ashley Deane** moving into the forwards and dominating
- Willingness of Players to play as a squad and help were needed – **Thomas West** and **Finn Hearne**
- The fast, relentless, entertaining style of the entire team
- Every player's development, contribution to the team culture and participation in training.
- The large amount of representation in the State Cup winning U12 Rats Squad the biggest thank you must go to the Coaches, Managers and touch judges in 2021.

We are very lucky to have depth of coaching with **Luke Holmes, Tim Malone, Steve Matthews** and **Vaughan Wooldridge** in the Breakers. Along with **Tim West, Scott Bridges, Steve Coates** and **Chris Boon** in the Dolphins.

Our boys really have been blessed with the unwavering commitment of such talented and knowledgeable Coaches and volunteers.

Josh Griggs and **Luke Holmes**

U13 Breakers

As humans, we don't do well in times of uncertainty and discomfort, and the 2021 rugby season for the U13 Breakers was full of both. The uncertainty as COVID cut short another rugby season and the discomfort I know many boys faced regarding our promotion to A grade. Yet ironically, it is in these times that lead to our greatest growth.

2021 was a growth year. To be the best, we needed to play and beat the best. "A" grade was faster and more physical. To beat those teams, we needed to play smarter. So SMART rugby became our mantra. Each week, we grew in confidence and realised to play to our strengths and aspire to improve ourselves. We touched up Penrith 50 to 7. We smashed Dural 42 to 17 and never back down against sides like Randwick, Ryde and Raptors. Many of these sides are also representative teams. I am proud of the way our boys rose to the challenge and I am confident that next year we will be a dominant force in the competition. And while winning is always our goal, it is the lessons we are learning along the way about yourselves, about playing as team, about having fun with your mates that matter most.

In 2021 we welcomed 4 new players into the team – **Vaughan, Stan, Lachie and Tom**. Welcome to your rugby home. You are all such talented players and have added so much to the team culture and performance. You wore the jumper with pride, you played with passion and did yourselves and parents proud every time you took the field. The mates you play with in this team, will be your mates for life.

For those returning boys, many of whom have been playing together since U6s, thank you. You all bring so much joy into my life. I am proud of the way you continue to get better each year and keep turning up for your mates. There is something special about this group of young men and I am certain that if you keep turning up to be your best, you will see much success in life and rugby.

I would like to congratulate the following boys for making the U13 Warringah Representative team – **Zane Langton, Bailey Batchelor, Ocy Ryan** (captain), **Oz Andrews, Aston McCauley, Stan Clarke, Eddie Bryant, Mathijs Diaz, Harvey Walcot, Cruz Death, Ben Burge & Harry Fleming Newey**. These boys did Newport proud and went on the finish 6th in the tournament. Thank you for being great ambassadors for our club.

A few words to each player:

Bailey Batchelor: After missing most of last year with injury, we were so happy to see you return to rugby again in 2021. Bailey, you bring so much talent, skill and aggression to the team. I love watching Bailey "fold" much bigger players and then playing like a No 10 with his silky ball skills.

Dom Lowe: Always smiling and always laughing, Dom you bring so much energy and joy to the team. I love watching your barn storming runs, and big tackles and cheering on your mates when they do something well. You are the definition of a true team "mate". You play for them and they love playing with you.

Harry Fleming Newey: HFN, you continue to develop at such a rapid pace, that in 2021 you earned your place in the WJRU rep team. Well done. You show once again that hard work and continuous improvement pay off. As one of our "big" players, we look to you to lead from the front.

Mathijs Diaz: Thijs is the team's hardest worker. I love the fact that you take pride in your effort, each week. I will usually find you on the bottom of a ruck or making a second effort tackle and chasing to make a cover tackle. Thijs, you are the rock of the team. So strong and consistently working hard.

Tom Aalders: After missing the last few games of 2021 due to injury, the team were pumped to see Tom take the field again in 2022. Tom, the team look up to you. You are a leader, and when you go forward, the team go with you. When you make a big hit, the team cheer and clap. When you defend your mates, the boys know that you have 100% got their backs. These are all excellent qualities in a young man.

Oz Andrews: After playing most of 2021 at No 10, Oz started the year with a clear goal, to play flanker and make the WJRU rep team. Forward or back, Oz, can play anywhere. He has the aggression of a player twice his size and the skill of the best backs in the game. I love your drive and commitment to winning every week and never giving up when we are not. Oz, you are also one of the smartest players on the field. And I always make sure I seek your feedback at half-time and after the game. You read the game well and I rely on your advice to help steer and shape our success.

Zane Langton: Courage, Confidence and Character. Three words that come to mind for Zane. At 45kg, Zane plays like a warrior. Always the first one off the line to make a tackle, and the first one to put his head into a ruck even when a 100kg player is bearing down on him. He takes pride in his performance. He holds himself to the highest standard each week. You are a player's player. The hard work that you think no-one sees sets you apart from the others.

Ocy Ryan: Not many can stop the BIG OCCY when he winds up and runs hard. Ocy was also a beast in defence. Taking on 100kg+ boys and stopping them in their tracks. Ocy, you are inspiration to the team. When you run hard and make big tackles, it lifts others to do so as well. When you are leading the way, the team follows your lead. You are their protector and give them confidence. I was so proud that you were our captain and also went on to captain the WJRU Rep team.

Aston McCauley: You are the ultimate team player and the team rely on you to connect the forwards to the backs. I was proud of how you stood in the front line of defence with your mates, shoulder to shoulder, taking on big forward packs. Your pass is another level for someone of your age. You give quality balls with speed and width, allowing our backs to shift wide, play fast and run around the bigger teams. I am proud of how you are developing as a player and a young man. I am fortunate to be able to coach you as my son. Thank you also for your tips on how to improve my training sessions and what drills and skills we need to work on. You are my right-hand man when it comes to coaching.

Stan Clark: You are one of the most talented footy players and competitors that I know. You put in 100% every week at training and in every game. You are a natural leader with a burning desire to always compete and win. A great step, and a great cut out pass, often setting us up for quick ball out wide leading to many of our tries. Stan, is one of the nicest young men I have met. Always respectful of his coach and team mates. He loves talking about footy and often seeks guidance and input on his game. All of these are great qualities for rugby success and in life.

Harvey Walcot: 2021 was a breakout year for Harvey. So big and strong, Harvey was unstoppable on the wing scoring many long range and barn storming tries. I can see how hard Harvey is working on his all-round game and once it all clicks, Harvey will be unstoppable in any position on the field. Above all, Harvey is such quality young man. He is always polite and has a smile that lights up a room. Keep smiling Harvey as I am sure great things are going to come to you in this game.

Ben Burge: Ben really found his feet in rugby this year and went from strength to strength. Already full of enough skill to last a lifetime, his strong carries getting the team over the advantage line and his solid defence was critical against some much bigger opponents this year. I love watching Ben run with the ball, lining up the defence, only to put that lovely right foot step on to slide right past them and into the hole. Above all, Ben has a smile that lights up a room. I know when he is smiling and enjoying his footy that we are more likely to be successful. Ben, keep smiling, keep working hard and enjoying your footy.

Eddie Bryant: Eddie is clearly one of the best players in this age group in the state, if not the country. If anyone was ready for A grade, it was Eddie. In the first few round robin games, Eddie was so strong in defence, matching the physicality of any player of any size. As we rolled on, Eddie's speed and ability to beat multiple defenders, with aggression and step, made him unstoppable. I saw many teams try and fail to stop him, even when he was clearly marked by the opposition. Eddie, the future is bright in rugby. Keep working hard, keep improving, find ways to outsmart the opposition and you will go far.

Tom Holloway: Finally, we got Tom to return to his age group and play with the Breakers! Welcome back Tom. You are such a gifted and natural footy player with a great ability to read the play, see a gap and have the confidence to back yourself to take it on. I love watching you play; you remind me of some of the classic great half backs. We hope you enjoyed your time with our team and look forward to coming back again in 2022.

Cruz Death: Cruz is one of the most talented players I have ever seen, a great kick, pass and reads the game better than most. His quick hands often under pressure, to draw and pass, set up the outside backs for many of our tries. His goal kicking was always on song. I remember he kicked 6 from 6 vs Dural, from all over the park. Also, last year I forgot to call out Cruz for joining team in the yearbook. So, Cruz, welcome to the team (Again). You are such a talented footy player and an absolute pleasure to coach. Your quick wit makes me laugh and knowledge of the game helps me as a coach.

Mackie Wilcox: Can someone please remind Mackie he only weighs 45kgs. I think he thinks he is 6'4 and 100kg, the way he plays. Mackie has no fear. To see Mackie launch himself, tackle after tackle, ruck after ruck into much bigger players was truly inspirational. He is all heart. Our team is stronger when he is in it. The tackle he made on the 120kg boy from Dural, was textbook. Low body height, head in the right position, lead with the shoulder and had good leg drive. Unfortunately, physics got the better of the him. Mackie, never lose your passion and hunger to out play your opponent, no matter what size you or they are! It is what makes you special. We look forward to seeing you back in 2022.

Max Baker: Max is such a strong ball runner and talented player that he could play in either the forwards or the backs. At training and in games, Max was one of the hardest workers on the ball and his amazing sidestep and fast feet see him beat many defenders as he slices through them like butter. Max, you are also such a great player to coach, always respectful, always working hard and always looking to improve. I enjoy seeing you develop each year and learning all facets of the game. You have been a core part of the team since U6s.

Sam MacEwan: The human highlight reel! Sam had another great year after making his transition from the backs to the forwards. It was like coming home for Sam. He is natural "on baller" who just loves being near the action and in the mix on every play. Wants to make big tackles and loves all the hard things that make playing in the forwards a dark art. Keep working hard Sam and loving your footy.

Vaughan Kearney: Welcome to your new rugby home! Vaughn is such a natural and talented footy player and I know that once he works out all 1000+ rules of rugby's, he will take that talent and be a dominant force. Vaughn is hard working, a great defender, a talented ball player and super competitor. All the ingredients of a champion. Vaughn is also tough. I took me a few weeks to find out he was playing injured in most games. What most would succumb to and sit on the sidelines, Vaughn plays through. Thank you for joining Newport Rugby.

Rhys McGuinness: A natural footy player with unlimited potential. I can only imagine how good you are going to be with a full season under your belt. You have courage and play well above your weight, unafraid to tackle much bigger players. You have an amazing engine and work hard all game. You are also a pleasure to coach. Always smiling, always respectful and willing to learn.

Lachlan Coy: Welcome to your new rugby home. We are fortunate to have you join our team. You tuned up to every training session and game, even when you were injured. If I could select an award for best teammate - it would be you. I have admired your talents for such a long time. You have all the skills - a great pass, tackle and running game. I can't wait to see you fit and healthy for 2022 where I know you will be at your best. So much great rugby ahead of you.

A huge thank you to **John Andrews** and **Nick Bryant** for your coaching support. Also, to **Tim Ryan** for managing the team. ...and everything else. We make a great team and look forward to doing it all again next year.

Don't forget, we have our U14 rugby tour and I would love to see as many people as possible join us.

As I always say, when all is said and done in rugby, when you hang up the boots, rarely will you remember the score of many individual games (maybe the odd grand final or big game), yet what you will remember and be remembered for is the way that you played the game and the mates that you played with.....

Dale McCauley

U13 Dolphins

It was a very exciting year for the **U13 Dolphins**. A lot came together, including the boys bonding well and playing for each other. The competition consistently found the tempo from the u13 Dolphins difficult to contain. Impressive in the forwards and a fluid game demonstrated in the backs. We look with excitement to the 2022 season! **James**

Thanks to the boys and parents for the opportunity to coach such a fantastic bunch of young men. Their enthusiasm, respect and willingness to learn were a real highlight. It was a great pity that our season was cut short after a barnstorming undefeated start. Our growth in terms of the way we played the game, skill levels and camaraderie were a real standout. This year we started the year with a commitment to getting the boys to play competitive rugby based on our game plan of "Love Defence. Front-foot ball. Playing for each other." which basically converts to running rugby, learning, grit, camaraderie and enjoyment! After a few years of rugby malaise, coaching the boys alongside of **James, Toby** and **Zac** was one of the most enjoyable experiences over 40 years of involvement in playing and coaching rugby. Every member of the team made an enormous contribution. **Heath**

Harry Hill - Great to see Harry's game improve again and to see Harry enjoying his rugby. A terrific front rower and core member of the pack.

Darcy Kirkland (c) - Talented all rounder. Best communicator on the field. Darcy's rugby experience consolidated this year to produce the great leader for the u13 Dolphins. Was great to see Darcy enjoying his rugby.

Becket Le Clerc - The prop every Hooker wants at his side. The strong presence in the scrum who set the tone for go-forward and intimidated the opposition.

Noah Turner - A core part of the power house that was the U13s scrum this year.

Harry Perkins - An impressive debut with Newport for this capable athlete. Another intimidating player on the field.

Dan Gibbes - Lead from the front and set the example in every game. The sort of player that others want to play for.

William Boocock - Always in the middle of the action at the breakdown and hard as nails in the tackle.

Domhnall CK - The defensive heartbeat of the side - Loved the red mist and tough stuff in the middle!

Fred Garcia - An exciting player to watch running at the opposition. Could find space when the ball effortlessly found its way to him. He also demonstrated his versatility at half back, working the scrum and efficiently cleaning out to keep the Dolphins game running at high tempo.

Austin Gibbes - Took the pivotal role of No10 in his pace, connecting well with his half back and a reassuring pair of hands to getting the ball out into space efficiently. Was not shy in the tackle either.

Miles Backes - Great to see Miles running out on the paddock and to see his game improve. Continues to be an exciting player to watch receive the ball out at wing.

Lachlan Boocock - Terrific development year for Lachlan as he shared his new found pace and firmly made the inside Centre position his own. He has not lost any of his talent in the tackle either.

James Collingridge - Solid execution in numerous new set pieces adopted by the team meant that James was a key link in centre between the power house and the brilliance in the backs. Great at communication and a gutsy player who took the game to the people he was marking or running at.

Ashley Just - A courageous player out at the wing who took the game to the opposition.

Charlie Handscomb - From his debut at full back and playing out on the wing Charlie's pace was a weapon. Found his groove at fullback and realised his substantial potential in the opening games. Without a doubt most improved.

Jack Radel - The dependable presence in the second row. It was great to see Jack going in hard with the tackle and contributing to the strong force exerted against the opposing scrum.

Jake Jessup - Jake is a key member to the Dolphins. His commitment and team contribution earns him the respect from his team mates.

Charlie Williams - Dependable as last line of defence in full back or zipping down the touch line to score, Charlie was a real asset to the team.

Sam Kaiser - Sam again defines himself as the text book tackler in the team. Few opposition, irrespective of side got past Sam in defence

U13 Mermaids

PLAYERS: Alexa Fulton, Bonnie Court, Charlotte Baum, Charlotte Bensley, Holly Cervantes, Jesse Gargate, Johanna Tonucci-Kunhe, Laila Oakes, Leilani Ainscough, Lily Gillett, Lily Hulley, Mya Barnabas, Ramatu Kamara, Ruby Ryan, Scarlett Cavanaugh, Zara Eastwood-Bell. **COACHES:** Steve Hulley & Tim Ryan

The U13 girls were lucky enough to start the season in February with the Sizzling Sevens competition. This allowed them to test their skills on teams from other Sydney districts. As regional reigning champs they went in with confidence, but in rugby humility is just around the corner! The first weekend the girls suffered their first defeat in over a year! This stung them into action, and they worked hard on their fitness and skills. In the weeks that followed they managed to knock off the rest of their opposition.

By the time the regular season came along the girls were ready to defend their title. They had some tough well-matched games against Narrabeen and a strengthening Seaforth side. Unfortunately, the season came to a premature end with the girls lying in 2nd place on the table.

Thanks, as always to **Karen** for coordinating the teams and the effort that goes into organising the competition. Thanks also to the parents for all the early starts and many miles travelled to get the girls to play the game they love.

And mostly thank you to the girls; **Alexa, Bonnie, Charlotte (Baumy), Charlotte B, Holly, Jesse, Jojo, Laila, Leilani, Lily G, Lily H, Mya, Rama, Ruby, Scarlett** and **Zara**. You are a talented bunch of players who are always willing to listen, learn and improve your rugby. We absolutely love watching you play and are proud of the way you always play fair and for each other.

Here's to 2022 and a full season of rugby, we can't wait to see you all back again!

Steve and Tim

U14's

A very enjoyable short year with this age group.

Some important thanks to give to:

- Coach **Dave Vaealiki** combining more disciplined structure this season with some excellent running rugby
- Manager **Jas Hopcraft** doing her role with great enthusiasm and skill, despite my sketchy instructions
- All the officials (AR's mainly our 2 Steve's), trainers, marshals, volunteers, and parents who helped - thank you, the boys can't play without this assistance every week.

The team continued to grow and develop, as the opposition get bigger and tougher each week. A few player comments:

- **Xavier Boon** - every team needs a Boonie, irreplaceable enthusiasm and skills
- **Ewan Coates** - improved his Rugby greatly this year at both Club and school
- **Angus Ross** - excellent scrummager who stepped up his mobility and fitness big time
- **Luke Juba** - Jubes was tough and hard in a higher standard of Rugby this year
- **Toby Jacobs** - new to Rugby, showed real promise against tough opposition
- **Noah Scicluna** - enthusiastic player with lots of promise of improvement to come
- **Luc Wheen** - tough and uncompromising, fierce defence
- **Lauchie Griffiths** - good work rate in defence and the breakdown
- **Masen Wright** - excellent in defence and attack, great ball winner in the lineout
- **Shay Dawson-Hopcraft** - brilliant low tackler, solid ball runner improving all the time
- **Jake Hanley** - excellent forward play with skills and toughness combined

- **Levi Blunley** - 2nd year Rugby player, constantly improving and a pleasure to coach
- **Charlie Stamp** - early season finish but impressed with work in lineout and scrum
- **Haddon Bateman** - busy, skillful, and tough in defence at no 9
- **Harrison Dene** - excellent play with skills in abundance, and great ball running
- **Oliver Mappin** - brilliant utility work in a few key positions, slightly talkative
- **Asher Fletcher** - another utility asset, deliver consistently well in all positions
- **Max Eccles** - lots of speed and skills, and great application to games and training
- **Isaiah Vaealiki** - excellent support play, evasion and defence
- **Max Jordon** - all the skills in attack and defence, worked his way back brilliantly from injury
- **Oliver Dawson** - dynamic speed, brilliant ball running and defence
- **Josh Leigh** - ultimate utility, delivers wherever he plays, brilliant tackler
- **Smith Davis** - massive go forward with the ball and rugged in defence
- **Cailan Glen** - a bit biased here, he goes well and gives 100% in everything he does on field

Let's hope we get a full season in 2022 after the last two COVID affected seasons. All the best

John G (Assistant Coach)

U15's

2021 was full of surprises for the U15 Newport teams. We were blessed with a huge influx of boys new to the club and the game of rugby. There was an excellent recruitment drive in the off season led by the boys themselves, which resulted in 49 registered U15 players. It is a testament to the great culture within this age group and it bodes well for the coming years.

We had a fantastic preseason with the boys working hard on strength and conditioning and fitness. Time was also spent on upskilling the boys in the basics of the game. Due to the shortened season this report will be focused on our U15 tour to country NSW. Due to travel restrictions the traditional U14 tour to Fiji was cancelled but this opened the door to a country tour. 22 boys put their hands up and along with 18 Dads boarded a tour bus destined for Scone/ Maitland and Narrabri. The tour team had two games organised against u15 Maitland Redbacks and the U16 Narrabri Boars.

Due to the distance between towns a fair amount of time was spent on the bus. However, time was taken up with good banter, trivia and the daily award of DOD caps. These caps were worn with pride by players and Dads that had "dropped the ball" in one way or another!

Our first game was a tightly fought gritty affair against the Redbacks. The boys from Maitland had come to play and give the city boys a lesson. They weren't counting on a show of courage and determination from Newport. The boys ignored the niggles and stuck to structure scoring some cracking tries eventually winning 15-14.

This was the first competitive game in almost a year for some of the boys and a perfect start to get rid of any rust before the big challenge of taking on a U16 side.

There was a huge build up to the Narrabri game as it was played under Friday night lights and was the event of the week! It drew a big crowd as much of the town came out to watch the Boars take on the might of Newport. What a game it turned out to be! The first 10 minutes were undoubtedly the best rugby the boys played, they played with patience and skill scoring some sublime tries. They dominated the game from start to finish in attack and defence running out 52-17 victors. The club victory song has never been sung louder.

After both tour games the boys were treated to the traditional swapping of ties and caps and wonderful country hospitality. It was a great way to start the season and really set the tone for the Breakers and Dolphins.

On returning to the regular season the Breakers had a cracking start, knocking off teams that had proved impossible to beat in the past. When the season was called off, they were lying joint top of the table.

The Dolphins with an influx of boys new to the game got better and better each week, there are going to be some stars emerging from them.

One of the best parts of this squad of boys is that they are a team that encourage and support each other no matter their abilities.

Thanks, as always needs to go to all the coaches, managers and parents that volunteer their time to the boys and the club. Hopefully we can look forward to an uninterrupted 2022!

Steve, Kent, Luke, Tim and Brad

U16 Breakers

With 16 boys returning from last year's squad, we initially thought we may struggle to put a full team out each week. However, we managed to tempt 6 payers back from prior years and added 5 new team members, some of whom have converted from rugby league and soccer. With a backdrop of all other teams in the rugby village either folding or joining forces, this was very pleasing.

At the start of the season, we were without a coach. However, we struck gold. Thank you to **Nigel Baker** for convincing **Shane Pretty** to kindly donate his time, experience and leadership to the group. I believe this was a major reason why we were able to attract and retain so many members. Training sessions have never been so well attended. All the boys were there to learn; and they did. **Shane** is also an active member of the senior club so learning from their techniques and plays was valuable. We also had the benefit of expert scrum training as well as players from the senior club coming along to train specific skills and positions. Additionally, we were able to train with the Opens squad on a number of occasions, followed by a joint BBQ. This will aid the boys transition into this grade next year.

On the field we were improving week to week. We were able to hold our own against some of the A/B graded clubs during the grading rounds at Dural. This was a great initiative and we hope it returns next year. There were no easy games in the group. Any team, on their day, was capable of winning.

We played five rounds before the clouds of COVID descended. Our record shows 3 wins, one draw and one loss. Momentum was with us and it felt like we would secure a finals place.

Hungry for rugby, we were disappointed that the Rats did not enter a team in the State Championships at Narrabeen. However, a number of boys represented other regional teams, particularly:

- **Blaise Fox** - Central West Blue Bulls
- **Alex Metaxoulis** - Central West Blue Bulls
- **Jaden Ellis** - Central West Blue Bulls
- **Ollie Barret** - Central West Blue Bulls
- **Lachie Guy** - Central West Blue Bulls
- **Kiren Holland** - Manly Marlins

I would like to congratulate the team, not just on their performance, but also how they conduct themselves off the pitch and on the training ground. I should more rightly refer to them as the young men that they are becoming. There is a genuine team spirit amongst them that we hope will continue into the Opens next year and beyond.

Finally, I would like to thank **Shane** and **Steve (Ellis)** for their dedication and investing their time in the team.

See you all in '22.

Kind regards

Brad

Opens

After the disrupted season of 2020 – the Newport Opens Breakers were ready for a 2021 Season full of promise.

The already formidable line up of veteran Newport Juniors was joined by additional local talent from arch-rivals, Narrabeen and Collaroy, who were welcomed to the squad and provided depth in key positions.

The Team trained hard in pre-season and ran out in the Trials with enthusiasm and courage against the formidable size and ability of Blacktown and Randwick. We were quickly given a glimpse of the tough, relentless, fast, skillful, exciting Rugby, we have come to expect from this Talented side. After experiencing one half against the boys, Forest decided they would not return.

Such was the reputation of the Team for their fast, flowing, tough and relentless rugby we were positioned in an A Comp with only 3 other sides and the rest of the Opens Teams coming up with reasons not to play us.

Despite this the Opens Breakers proved themselves to be a loyal, respectful and committed group of young men, who continued to work hard and attend training.

The Opens represented Waringah – making up the bulk of both the Rats (U18) side and the Northern Barbarians (Rats U17) a first for Waringah to have 2 representative sides at this level.

The Barbarian's made it through to the Semi-Finals going down in a hard fought game, showing guts and promise for 2022. The Rats (U18) made it all the way to the Grand Final of the State Champs, finishing the Comp in a close second against Randwick.

Our highlights this season:

- An absolute willingness to train and play for each other
- Taking down the giant Blacktown team with speed and skill
- Close hard fought game against Randwick going down 19-17
- The work ethic and commitment in a difficult season
- The fast, flowing, relentless rugby – some of the best we've seen
- The support the Team have for each other
- Fun and great to watch game against Penrith
- Selection of many Team members, to the Rats

Of course, a big thank you must go to the Volunteers – Coaches **Luke Wilson** and **Adam Hanks**, Trainer – **Paul Staunton**, Touch Judge – **Matt Brennan** and Age-Manager – **Josh Griggs** – Many who have clocked 10 Years in supporting roles at the club.

The Team are lucky to have such talented and knowledgeable coaches, who's unwavering commitment to the Team over years has developed a Talented, skilful, tough, relentless and entertaining group of Players, with a deep Team Culture of commitment. Big Thanks to **Adam Hanks** who has coached and mentored many of these boys for a decade. A significant and selfless contribution.

This work ethic and commitment to each other on and off the field bodes well for this Talented bunch of young men, who we look forward to welcoming back next year and for those departing us, we wish them well and every success for their Career's which will hopefully continue into Senior Rugby – with the Character displayed – the future looks bright.
